## **Congratulations to the 2020 KSFFA Auxiliary scholarship winners**

17 scholarship applications were reviewed by an independent group of professors that assigned points as outlined in the scholarship guidelines. Points ranged from 85 to 60 with lower scores noted secondary to limited community activities and/or lack of activities involving the fire department. The firefighter scholarships were awarded to:

Jacob Reavis of Augusta going into Fire Science/Commercial Music & Sound Engineering

Gage Reid of Lyons going into Fire Science

Academic Scholarships were awarded to:

Mackenzie Waggoner of Topeka going into Secondary Education or Sports Marketing

Hannah Herzog of Genesco going into Applied Science/ Vet Nursing

Keely Luetje of Topeka going into Nursing

Angela Prebyl of Oketo going into Landscaping Architecture

Marcus Schmeidler of Great Bend going into Chemistry/Pre-Pharmacy

Kade Stover of Salina going into Fire Science

Loganne Ditter of Hays going into Psychology

Hailey Shore of Lansing going into General Education

Alternate is Andrew Novak, Jr. of Kansas City going into Strategic Communication

Jason & Emma Pisocki Scholarship was awarded to Trent Moran of Topeka going into Fire Science

Remember full time students can reapply each year. The scholarship application on the website will be updated this summer and new deadline for applications will be February 1. Please remember that school & community activities along with volunteer activities at the local fire department can improve the points applicants score. We thank all the contributors to the scholarship fund and the group reviewing the applications for 2020.

## **SUPPORTING KSFFA SCHOLARSHIPS**

Since we did not have an auction or raffle this conference year, we are asking those firefighters, family members, and fire departments who want to support the scholarships for 2021 to send donations to our treasurer for “KSFFA Auxiliary” mark memo “scholarship fund” at :
